GENERAL CONDITIONS OF AGREEMENT

DEFINITIONS

1. In this Agreement, the following terms shall have the following meaning:

   (a) **Delivery Schedule** means the delivery schedule to the named Port of Entry for each Supply Item as set out in the relevant Pro Forma Invoice.

   (b) **Freight and Insurance Cost** means UNFPA’s cost of shipping the Supplies from their place of dispatch to the Port of Entry (packing and terminal services inclusive) and insurance, and UNFPA’s cost of insuring the Supplies in transit in accordance with this Agreement. This does not include any customs clearance or demurrage charges.

   (c) **Handling Fee** means the UNFPA overhead costs for undertaking the requested procurement of Supplies calculated in accordance with UNFPA’s standard Handling Fee set out in Annex II.

   (d) **Port of Entry** means the destination facility, specified in a Pro Forma Invoice following consultation between UNFPA and the Government, at which the Supplies officially enter the country, such as but not limited to an international airport, major seaport, or train or truck terminal.

   (e) **Request for Pro Forma Invoice** means a non-binding form (in a format provided in Annex III) to be completed by the Government to order specific Supplies Items from UNFPA.

   (f) **Pro Forma Invoice** means the document issued by UNFPA (in a format provided in Annex IV) in response to the Government’s Request for Pro Forma Invoice, constituting the offer from UNFPA to the Government.

   (g) **Order Confirmation** means the Government’s acceptance (in the format provided in Annex IV) of UNFPA’s Pro Forma Invoice.

   (h) **Supply Item** means an individual product and/or category of Supplies which the Government, by way of a Request for Pro Forma Invoice, requests UNFPA to procure for it.

SCOPE AND GENERAL OBLIGATIONS OF THE PARTIES

2. UNFPA agrees to:

   (a) procure the Supplies set out in Pro Forma Invoices accepted by the Government, in conformity with the applicable technical specifications (including warranty and shelf-life periods to be remaining upon dispatch by UNFPA’s supplier), and in the quantities set out in each such Pro Forma Invoice; and

   (b) arrange for delivery of the Supplies referred to in the above paragraph 2(a) in accordance with the delivery information specified in the applicable Pro Forma Invoice agreed between UNFPA and the Government.

3. The Government agrees to:
(a) make timely and complete payment to UNFPA of all amounts due under this Agreement;

(b) provide required support in connection with the procurement of the Supplies under this Agreement and any amendments thereto; and

(c) obtain or assist with obtaining permits, licenses, import approvals, and other official approvals, or furnish powers of attorney or other authorizations to UNFPA to deliver services related to the Supplies, and cooperate in a timely and expeditious manner.

**TOTAL FUNDING CEILING AND PAYMENTS**

4. The Government shall be responsible for promptly paying all amounts indicated in any Pro Forma Invoice(s) accepted by the Government, either directly or by authorizing the Bank to pay on the Government’s behalf.

5. Cumulative disbursements shall not exceed the Total Funding Ceiling unless the Total Funding Ceiling is revised through a written amendment.

**PROCESSING INDIVIDUAL PURCHASE ORDERS**

*Step 1: Government Submits Request for Pro Forma Invoice*

6. When the Government is ready to place an order for specific Supply Items, the Government will prepare a Request for Pro Forma Invoice in accordance with the online form (sample provided in Annex III).

7. Each Request for Pro Forma Invoice may include more than one Supply Item from the UNFPA Product Catalog (“Catalog”) and list any product quality assurance documents required for each Supply Item. However, the total amount of each Request for Pro Forma Invoice shall be not less than US$5,000 of Supplies (i.e. before adding the cost of freight, insurance and handling fees). If, due to any circumstances, a given Request for Pro Forma Invoice is in a total amount less than US$5,000 worth of Supplies, UNFPA will not be able to process the request, i.e. issue a Pro Forma Invoice, but will promptly consult with the Government to seek a resolution.

8. The Government will make reasonable efforts to submit individual Requests for Pro Forma Invoice to UNFPA according to the planned timetable set out in Annex I.

*Step 2: UNFPA Issues Pro Forma Invoice*

9. UNFPA will review each Request for Pro Forma Invoice received from the Government and, subject paragraph 7 above, will respond to the Government by sending a Pro Forma Invoice, including Delivery Schedule(s) and the Port of Entry. UNFPA will use its best efforts to provide a Pro Forma Invoice within five (5) working days (in Copenhagen) of receiving a Request for Pro Forma Invoice. A sample Pro Forma Invoice is provided in Annex IV.

10. The cost of procuring the Supplies included in the Pro Forma Invoice will be calculated based on the list of Supply Items and specifications set forth in Annex I, the

quantities, consignee details set forth in the Request for Pro Forma Invoice to which the Pro Forma Invoice relates, the method of delivery as determined by UNFPA, the Port of Entry, and will be calculated in accordance with UNFPA’s Catalog and standard schedule of handling fees, a copy of which is provided in Annex II.

11. If the Request for Pro Forma Invoice and the corresponding Pro Forma Invoice include more than one Supply Item, then: (i) the Handling Fee is calculated as an aggregate of the Handling Fees applicable to each individual Supply Item; and (ii) the planned Delivery Schedule will be indicated for each Supply Item included in such Pro Forma Invoice.

12. Each Pro Forma Invoice will specify the validity period within which it needs to be accepted by the Government in accordance with Step 3 below and funds transferred in full.

**Step 3: Government Reviews the Pro Forma Invoice, Issues Order Confirmation and Transfers the Funds**

13. The Government will confirm the acceptance of the Pro Forma Invoice by returning the Pro Forma Invoice with the “Order Confirmation” section filled in and signed. The Order Confirmation shall also indicate the source of funding by stating the Project name and Loan/Credit/Grant number. Simultaneously, the Government shall promptly transfer the funds to UNFPA in the amount indicated in the Pro Forma Invoice or authorize the Bank to process the electronic payment as per instructions in Annex V, but in any event no later than the end of the validity period specified in the Pro Forma Invoice. The Government shall not accept a Pro Forma Invoice which indicates a Delivery Schedule planned after the Project’s Closing date, unless alternative funding is secured. The Parties acknowledge that the Bank’s Financing is not available after the Project’s Closing date.

14. In the event the Government accepts some, but not all, Supply Items, quantities or any other aspects included in the Pro Forma Invoice, the Government acknowledges that in such case, UNFPA needs to issue a new Pro Forma Invoice for the revised quantities, amounts or other changes. In such case, the Government will need to accept the re-issued Pro Forma Invoice by repeating the confirmation process outlined in the above paragraph 13.

15. Timely Pro Forma Invoice acceptance and payment within the validity period specified in the Pro Forma Invoice is critical for UNFPA to procure the Supplies at the offered prices and within the planned Delivery Schedule(s). In the event the Government provides acceptance or UNFPA receives the payment after the expiration of the Validity Period, UNFPA will advise the Government on the options to proceed.

16. Acceptance of the Pro Forma Invoice by the Government (by returning the Pro Forma Invoice with the Order Confirmation section filled in and signed) represents the Government’s obligation to pay UNFPA in accordance with the terms of the Pro Forma Invoice and this Agreement. Annex IV includes the Order Confirmation section included in the Pro Forma Invoice template.

**Step 4: UNFPA Initiates Procurement Action**

17. Upon receipt by UNFPA of the Order Confirmation and transfer of funds in the full amount set out in a Pro Forma Invoice within the validity period, UNFPA will
confirm the receipt of the Order Confirmation and the received amount and will initiate the procurement action necessary to procure the Supplies.

18. The Parties acknowledge that under its financial regulations and rules, UNFPA may only enter into a binding financial obligation if it has the full amount of funds required to satisfy that obligation. UNFPA will not be required to initiate procurement of the Supplies if the amounts specified in the corresponding Pro Forma Invoice are not paid in full within the validity period specified on the Pro Forma Invoice unless otherwise agreed by both Parties in writing.

**PROCUREMENT AND DELIVERY OF SUPPLIES**

*Procurement of Supplies*

19. The Supplies will be procured, shipped and delivered in accordance with the terms of this Agreement and UNFPA’s regulations, rules, procedures, and administrative instructions for procurement and finance. In particular, any interest derived by UNFPA from funds disbursed to UNFPA in accordance with this Agreement will be retained by UNFPA and form part of UNFPA regular resources.

*UNFPA to Provide Relevant Shipping Documents and Product Quality Assurance Documents*

20. Upon shipment of the Supplies, UNFPA will send to the specified consignee copies of the relevant shipping documents as well as the required product quality assurance documents specified by the Government in its Request for Pro Forma Invoice and included in UNFPA’s Pro Forma Invoice. UNFPA will make reasonable efforts to provide these documents at least seven (7) calendar days prior to the arrival of the Supplies; in the case of Supplies shipped via air, UNFPA will make reasonable efforts to provide these documents in advance of arrival.

*Insurance of Supplies*

21. Supplies will be insured in accordance with the applicable INCOTERMS rule.

*Port of Entry; Delivery*

22. UNFPA will arrange for the Supplies referred to in each Pro Forma Invoice to be shipped to the Port of Entry specified in that Pro Forma Invoice.

23. UNFPA will inform the Government of any potential or actual delivery delay, including its likely duration and its cause(s), as soon as UNFPA obtains information on such delay. UNFPA will make good faith efforts to ensure that any actual delivery delays are minimised.

*Special Provisions relating to Delivery of Pharmaceuticals*

24. The following additional provisions apply if the Supplies include pharmaceuticals:

(a) Pharmaceuticals included in any Pro Forma Invoices shall be procured pursuant to UNFPA’s standard contracting practices, which, at minimum, shall specify that upon dispatch by UNFPA’s supplier, the Supplies shall have a shelf life of not less than the standard period established by the World Health Organization
(“WHO”), or as otherwise set out in the relevant Pro Forma Invoice following agreement between UNFPA and the Government.

(b) Pharmaceuticals will be accompanied by a Certificate of Origin where feasible.

**Acceptance Document**

25. Upon arrival of the Supplies at the Port of Entry, the Government will promptly prepare an acceptance document and will retain it in the Government file relating to this Agreement. A template for this acceptance document is set out in Annex VI to this Agreement. The Government will keep a signed original on file and make it readily available for inspections by the Bank.

**Customs and Related Clearance, Other Permits and Licenses**

26. The Government will be fully responsible for the following, unless agreed otherwise by both Parties in writing: receipt of the Supplies; clearance and release from customs; shipment and distribution of Supplies to their final destination; any and all permits and licenses necessary to import, transport and distribute the Supplies in the country; and for any applicable taxes, duties and fees.

**REPORTING**

27. Upon completion of each shipment of Supplies covered under the same Pro Forma Invoice, UNFPA will provide a written statement to the Government confirming the completion of procurement action and the use of funds.

28. UNFPA will provide the Government, on an annual basis, with a summary of procurement actions (completed and in process), to assist the Government in monitoring the remaining balance under the Total Funding Ceiling and reconciling the records. The sample format is provided in Annex VII.

**TRANSPARENCY**

29. The Parties recall that UNFPA’s financial books and records are routinely audited in accordance with the internal and external auditing procedures laid down in UNFPA’s financial regulations and rules, and that the external auditors of UNFPA, the United Nations Board of Auditors, are appointed by and report to the United Nations General Assembly, of which the Government is member. Throughout the term of this Agreement UNFPA will provide a copy of the financial report and audited financial statements of UNFPA within ten (10) days of these becoming public documents by reason of being presented to the United Nations General Assembly\(^{13}\).

30. (a) In the event that the Government, UNFPA, or the Bank becomes aware of information that indicates the need for further scrutiny of the procurement or delivery of the Supplies (including non-frivolous allegations that reasonably indicate the possibility that corrupt, fraudulent, coercive or collusive practices may have occurred), the entity that has become aware of such information will promptly notify the other two.

---

\(^{13}\) The Government can access the UNFPA annual audit reports on [www.unfpa.org](http://www.unfpa.org)
(b) This information will be brought promptly to the attention of the appropriate official or officials at the Government, UNFPA, and the Bank (which in the case of UNFPA is the Director of its Office of Audit and Investigation Services).

(c) Following consultation with the Government and the Bank, UNFPA will, to the extent the information relates to actions within the authority or accountability of UNFPA, take timely and appropriate action in accordance with its applicable regulations, rules, and administrative instructions, to investigate this information. For greater clarity on this matter, the Parties agree and acknowledge that UNFPA shall have no authority to investigate information relating to possible corrupt, fraudulent, coercive or collusive practices by Government officials or by officials or consultants of the Bank.

(d) To the extent such investigation confirms that corrupt, fraudulent, collusive or coercive practices have occurred and to the extent that remedial action is within the authority of UNFPA, UNFPA will take timely and appropriate action in response to the findings of such investigation, in accordance with its accountability and oversight framework and established procedures, including its Financial Regulations and Rules, where applicable.

(e) To the extent consistent with UNFPA’s accountability and oversight framework and established procedures, UNFPA will keep the Government and the Bank regularly informed by agreed means of actions taken pursuant to this paragraph, and the results of the implementation of such actions, including where relevant, details of any recovered amounts. The Government will consult with the Bank and provide payment instructions to UNFPA with respect to such amounts.

(f) For the purposes of this Agreement, the following definitions shall apply:

(i) “corrupt practice” is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

(ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;

(iii) “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;

(iv) “coercive practice” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party.

31. In the event that the Government or the Bank reasonably believes that UNFPA has not complied with the requirements of this section “Transparency”, the Government or the Bank may request direct consultations at a senior level between the Bank, the Government and UNFPA in order to obtain assurances, in a manner consistent with UNFPA’s oversight and accountability framework and respecting appropriate confidentiality, that UNFPA’s oversight and accountability mechanisms have been or will be fully applied. Such direct consultations may result in an understanding between the Government, the Bank, and UNFPA, on any further actions to be taken and the timeframe for such actions. The Parties take note of Article VII of the United Nations
Financial Regulations ("Board of Auditors"), incorporated into the Financial Regulations and Rules of UNFPA.

32. The Government confirms that no official of UNFPA has received or will be offered by the Government any benefit arising from this Agreement. UNFPA confirms the same to the Government. The Parties agree that any breach of this provision is a breach of an essential term of this Agreement.

33. The Parties agree and acknowledge that nothing in this section “Transparency” shall be deemed to waive or otherwise limit any right or authority of the Bank or any other entity of the World Bank Group as set out in Section I of the applicable version of Procurement Guidelines and Consultant Guidelines, respectively, and incorporated by reference into the Financing Agreement, to investigate allegations or other information relating to possible corrupt, fraudulent, coercive, collusive or obstructive practices by any third party, or to sanction or take remedial action against any such party which the World Bank Group has determined to have engaged in such practices; provided, however, that in this paragraph, “third party” does not include UNFPA. To the extent consistent with UNFPA’s oversight framework and established procedures, and if requested by the Bank, UNFPA shall cooperate with the Bank or such other entity in the conduct of such investigations.

34. (a) UNFPA will require any party to which it intends to issue a purchase order in connection with this Agreement, including in the case of a purchase order issued under an existing long term agreement, to disclose to UNFPA whether it is subject to any sanction or temporary suspension imposed by any organisation within the World Bank Group. UNFPA will give due regard to such sanction or temporary suspension, as so disclosed when issuing contracts in connection with the procurement or delivery of Supplies under this Agreement.

(b) If UNFPA intends to issue a contract in connection with the procurement or delivery of Supplies under this Agreement with a party which has disclosed to UNFPA that it is under sanction or temporary suspension by the World Bank Group, the following procedure will apply: (i) UNFPA will so inform the Government, with a copy to the Bank, before signing such contract; (ii) the Government and the Bank then may request direct consultations, at a senior level, if required, between the Bank, the Government and UNFPA to discuss UNFPA’s decision; and (iii) the Bank may thereafter inform UNFPA by notice, with a copy to the Government, that the proceeds of the Funding may not be used to finance such contract.

**WARRANTIES; LIABILITY AND CLAIMS**

**Warranties**

35. UNFPA will procure the Supplies under terms which will include all warranties that are appropriate in the circumstances. Such warranties may expressly provide that the Government will benefit directly from the warranties. If such warranties do not expressly name the Government, UNFPA, to the extent legally possible, will pass on to the Government any warranty offered by its supplier (or any other relevant service provider used by UNFPA in connection with this Agreement).

36. UNFPA will not accept the return of any purchases procured on behalf of the Government.
Liability and Claims

37. Claims against UNFPA arising out of or related to the procurement of the Supplies shall be dealt with in accordance with the provisions of the Basic Agreement; provided, however, that claims related to commercial contracts asserted by parties with which UNFPA has a signed contract will be handled in accordance with the terms of such contract.

38. UNFPA shall not be liable either to the Government or to any third party for any claims or demands arising out of or relating to this Agreement, including but not limited to any claims or demands arising out of or relating to any defect in the quality or quantity, the shipment, or use of the Supplies, or otherwise, unless caused by the failure of UNFPA to execute the procurement with reasonable diligence. In any event, UNFPA shall not be liable for any incidental, indirect or consequential damages to, or for any lost revenues or profits by, the Government or any third party, and UNFPA’s total liability shall, in any event, not exceed the value of the Supplies with respect to which the claim or demand is made. The Government indemnifies and will deal with, defend and hold UNFPA harmless in connection with any third party claim or other cause of action arising out of or relating to this Agreement.

39. The Government will be responsible for asserting any claims or demands arising out of or relating to or in connection with this Agreement, including but not limited to any claims or demands arising out of or relating to any defect in the quality, quantity, shipment, or use of the Supplies, or otherwise vis-à-vis third parties including any manufacturer or supplier. UNFPA will provide all reasonable assistance to the Government in connection with such claims or demands. The Supplies may not be returned to UNFPA. In case of dispute on the technical conformity or quality of WHO-approved pharmaceuticals, the Parties will seek the opinion of WHO.

40. The Parties are aware that in some exceptional circumstances (that do not qualify as force majeure) additional cost and expenses may be incurred, for example as a result of or in connection with delay, port congestion, warehousing, overtime, additional logistics or security charges, official instructions issued to UNFPA, the carrier or the freight forwarder by the Government or the consignee, demurrage and detention (including container demurrage and detention), industrial action, or any re-direction of Supplies during shipment (including to an alternative port of discharge) or shipment by an alternative mode of transportation. In such situations, the Parties shall consult with each other on modalities of amicable resolution of the matter.

41. Any compensation received by UNFPA from manufacturers, Suppliers or shippers arising out of or related to contractual or other liability of such manufacturers, Suppliers or shippers in connection with the procurement and delivery of the Supplies shall be for the Government’s account and shall be transferred by UNFPA to the Government or the Bank in accordance with the Government’s instructions.

Force Majeure

42. Either Party prevented by force majeure from fulfilling its obligations shall not be deemed in breach of such obligations. The said party shall use all reasonable efforts to mitigate consequences of force majeure. At the same time, the Parties shall consult with each other on modalities of further execution of the Agreement. Force majeure as used in this Agreement is defined as natural catastrophes such as but not limited to earthquakes, floods, cyclonic or volcanic activity; war (whether declared or not),
invasion, act of foreign enemies, rebellion, terrorism, revolution, insurrection, military or usurped power, civil war, riot, commotion, disorder; ionizing radiation or contaminations by radioactivity; other acts of a similar nature or force.

**INTERPRETATION; PRIVILEGES AND IMMUNITIES; SETTLEMENT OF DISPUTES BETWEEN THE PARTIES**

43. This Agreement shall be interpreted in a manner that ensures it is consistent with the General Convention on the Privileges and Immunities of the United Nations, 1946 (the “General Convention”), and the Basic Agreement.

44. Nothing contained in or relating to this Agreement shall be deemed a waiver, express or implied, of any of the privileges and immunities of the United Nations, including UNFPA, under the General Convention, the Basic Agreement, or otherwise.

45. Any dispute, controversy or claim between the Parties arising out of or relating to this Agreement, including third party claims but excluding claims by the Government against a UNFPA supplier pursuant to suppliers’ warranties, shall be dealt with in accordance with the Basic Agreement.

**TERMINATION**

46. This Agreement may be terminated by either Party upon sixty (60) days’ written notice to the other.

47. Upon receipt by one Party of the other Party’s written notice of termination of this Agreement, the Parties will take all reasonable and necessary measures to conclude the implementation of this Agreement and complete their activities in an orderly manner and so as not to disrupt implementation of the Project.

48. Without limiting the generality of the foregoing,

   (a) UNFPA shall return to the Government all Requests for Pro Forma Invoice that have been received but not responded to (i.e. for which Pro Forma Invoice has not been issued yet).

   (b) If an already issued Pro Forma Invoice was accepted and paid by the Government prior to the termination notice, UNFPA shall not be required to issue purchase orders or otherwise enter into binding purchase agreements with its suppliers, and UNFPA shall return the funds to the Government. However, if UNFPA has already entered into binding contracts with its suppliers, procurement of Supplies shall be completed on the terms of the accepted Pro Forma Invoice.

49. The provisions of this Agreement will survive expiration or termination to the extent necessary to permit an orderly settlement of accounts between the Parties.
Amendments and Modifications

50. This Agreement may be altered, modified or amended only by written instrument duly executed by both Parties.

51. Amendments to, or cancellation of, or reduction in quantities of Supplies or changes to scope of related services, if any, in connection with binding agreements already entered into by UNFPA at the time such amendment, cancellation, reduction or change is proposed, may only be undertaken with the consent of UNFPA. The Government will be responsible for payment in advance of any resulting costs (including but not limited to any penalties imposed by UNFPA suppliers or service providers).

Notices

52. A notice will be deemed “received” twenty-four (24) hours after it is given.
ANNEX I

(b) estimated (approximate) quantities for the selected Supply Items. Please note that the quantities can be adjusted at the time of placing individual Requests for Pro Forma Invoice. Please be mindful of minimum and multiple quantities for Supply Items as indicated in the catalogue as these are based on UNFPA’s agreements with suppliers;

(c) insert Planned Delivery schedule; or describe the planned number and frequency of Requests for Pro Forma Invoices/within the duration of this Agreement. (For example: 8 requests during a four-year Agreement placed every 6 months. Or: two requests – one in Q4 of 2013, the second – in Q1 of 2014). (1) Supplies & related services: __________________

(2) Freight & Insurance estimate: ________________

(3) 5% for Handling Fee [of the sum of (1)+(2)]: ________________

(4) Contingency amount\(^{14}\) [between 0% and 10% to the sum of (1)+(2)+(3)]: ________________

TOTAL FUNDING CEILING: ________________

\(^{14}\text{Note: Contingency amount is used only to calculate the Total Funding Ceiling. No contingency is used in individual Pro Forma Invoices, which state firm price quotes.}\)
