DECLARATION OF INTEREST FOR UNFPA CONTRACTORS

UNFPA’s work on reproductive health issues requires the assistance of external contractors who may have interests related to their expertise. To ensure the highest integrity and public confidence in its activities, UNFPA requires that contractors serving in an advisory role disclose any circumstances that could give rise to a potential conflict of interest related to the subject of the activity in which they will be involved. The contractors are always contracted through a sourcing exercise in accordance with UNFPA procurement procedures. Therefore, contractors provide services to UNFPA through a contracted company. The declaration of interest below encompasses all contractors providing services for UNFPA through a contracted company.

All contractors serving in an advisory role must disclose any circumstances that could represent an actual or potential conflict of interest (i.e. any interest that may affect, or may reasonably be perceived to affect, the expert's objectivity and independence). The contractor must disclose on this Declaration of Interest (DOI) form any financial, professional or other interest relevant to the subject of the work or meeting in which the contractor has been asked to participate in or contribute towards and any interest that could be affected by the outcome of the meeting or work. The contractor must also declare relevant interests of immediate family members of employees of the contractor (see definition below) and, if the contractor is aware of it, relevant interests of other parties with whom the contractor has substantial common interests and which may be perceived as unduly influencing the contractor judgement (e.g. partnerships, business dealings, administrative unit or department). Please note that not fully completing and disclosing all the relevant information on this form may, depending on the circumstances, lead UNFPA to decide not to appoint the contractor to UNFPA advisory bodies / functions in the future.

Please complete this form and submit it to UNFPA if possible at least 4 weeks but no later than 2 weeks before the meeting or work. The contractor must also promptly inform UNFPA if there is any change in this information prior to, or during the course of, the meeting or work. All contractors must complete this form before participation in a UNFPA activity can be confirmed.

Answering "Yes" to a question on this form does not automatically disqualify the contractor or limit the contractor participation in a UNFPA activity. The contractor answers will be reviewed by the UNFPA to determine whether the contractor has a conflict of interest relevant to the subject at hand. One of the outcomes listed in the next paragraph can occur depending on the circumstances (e.g. nature and magnitude of the interest, timeframe and duration of the interest).

UNFPA may conclude that no potential conflict exists or that the interest is irrelevant or insignificant. If, however, a declared interest is determined to be potentially or clearly significant, one or more of the following three measures for managing the conflict of interest may be applied. The UNFPA (i) allows full participation, with public disclosure of the contractor interest; (ii) mandates partial exclusion (i.e. the contractor will be excluded from that portion of the meeting or work related to the declared interest and from the corresponding decision making process); or (iii) mandates total exclusion (i.e. the contractor will not be able to participate in any part of the meeting or work).

All potentially significant interests will be disclosed to the other contractors/partners at the start of the activity and the contractor will be asked if there have been any changes. A summary of all declarations and actions taken to manage any declared interests will be published in resulting reports and work products. Furthermore, if the objectivity of the work or meeting in which the contractor is involved is subsequently questioned, the contents of the contractor DOI form may be made available by UNFPA to persons outside UNFPA if the Executive Director considers such disclosure to be in the best interest of the organization, after consulting with the contractor. Completing this DOI form means that the contractor agrees to these conditions.
If the contractor is unable or unwilling to disclose the details of an interest that may pose a real or perceived conflict, the contractor must disclose that a conflict of interest may exist and UNFPA may decide that the contractor be totally recused from the meeting or work concerned, after consulting with the contractor.

**Date and title of meeting or work, including description of subject matter to be considered** *(if a number of substances or processes are to be evaluated, a list should be attached by the organizer of the activity):*
