*Manufacturers may have many manufacturing sites. This list reflects the specific manufacturing site that has been evaluated or undergoing reassessment as part of the prequalification process and is currently prequalified.

** The plain natural condom is prequalified for all manufacturers listed. The textures, colors and flavors listed, have been included in the product dossier submitted for prequalification.

*** Prequalified products and the respective manufacturing site must undergo a requalification process every 3 years to maintain prequalification status.

Those undergoing requalification, remain listed until found to not meet requirements during requalification.

Note: This list contains manufacturing sites that have been found to meet the requirements of the WHO/UNFPA Male Latex Condom: Specification, Prequalification and Guidelines for Procurement, 2010 and ISO 4074 Standard.

Any quality control testing should be conducted in accordance with the aforementioned specification and ISO standard.
